DETAILED ACTION

Response to Amendment

The Amendment filed on 05/05/04, has been entered and acknowledged by the Examiner.

Cancellation of claims 1-6, 8, and 13 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

The title has been changed to "Plasma Display Panel with Dielectric Layer Containing a Filler of Mica Coated with Titanium Dioxide."

In the Claims:

Claim 9. (currently amended) A plasma display panel according to claim [8] 7, wherein the dielectric layer contains a low-melting-point glass as a base material.

Claim 11. (currently amended) A plasma display panel according to claim [8] 7, wherein the dielectric layer contains silicon oxide as a base material.

Art Unit: 2879

This application is in condition for allowance except for the presence of claims 21-27 to a non-elected group without traverse. Accordingly, claims 21-27 have been cancelled.

Allowable Subject Matter

Claims 7, 9-12, and 14-20 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 7, the references of the prior art of record fail to teach or suggest the combination of the limitations as set forth in claim 7, and specifically comprising a dielectric layer covering the sidewalls of the barrier ribs and containing a titania-coated-mica as a filler. The prior art of record in (JP 09-231910) teaches a dielectric layer covering the sidewalls of the barrier ribs and including a titania filler but fails to teach or suggest the use of titania-coated-mica as the filler.

Regarding claims 9-12 and 14-20, claims 9-12 and 14-20 are dependent of base claim 7, which is allowed, therefore claims 9-12 and 14-20 are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
